

Change No. 209S(Specs(091609)

6-8 COMPLETION, ACCEPTANCE, AND WARRANTY. The Work will be inspected by the Engineer for acceptance upon receipt of the Contractor's written assertion that the Work has been completed.

If, in the Engineer's judgment, the Work has been completed and is ready for acceptance, it will so certify to the Board, which may accept the completed Work. The Engineer will, in its certification ~~to the Board~~, give the date when the Work was completed. This will be the date when the Contractor is relieved from responsibility to protect the Work.

~~The warranty period for equipment or material shall commence on the date equipment or material is placed into service at the direction of the Agency. In the event such items are equipment is not placed into service prior to partial or final acceptance of the Work, the warranty period shall commence on the date of such acceptance completion as certified by the Engineer.~~

~~All w~~The Work shall be warranted by the Contractor against defective workmanship and materials for a period of 1 year from the date the Work was completed as certified by the Engineer. The warranty period for items of Work placed into service prior to acceptance of the Work shall commence on the date they are placed into service at the direction of or as approved by the Agency in writing. The Contractor shall replace or repair any such defective work in a manner satisfactory to the Engineer, after notice to do so from the Engineer, and within the time specified in the notice. If the Contractor fails to make such replacement or repairs within the time specified in the notice, the Agency may perform this work and the Contractor's Surety shall be liable for the cost thereof.
