Agenda:

I. Call to Order/Attendance:

II. Approval of Minutes of the February 8, 2024 Meeting:

III. Old Business:

1. Change 332 UM – Causes for Rejection of PRCB. Section 216-7.

It was discussed that the proposed idea of inspection should be noted in Section 306-10.1.2. and not in 216-7.

We also wanted to know if the criteria in section 216-7 is different from AASHTO R-73? If R-73 has better criteria than it should be added to 216-7. Or if 216-7 is adequate than it should be referenced in 306-10.1.2. We should only have 1 criteria.

Comments have not been sent. Requested Gean to attend this meeting to help answer the questions above.

2. Change 335 SP – Microtrenching

Add another note: all pavement replacement should not be less than 4' from the curb to edge of patchback. Note 19.a:

Note “17. RESTORATION SHALL BE THE FULL WIDTH AND FOLLOW NOTE 16 FOR”

Comments were sent to Dave Mitchell and Temo on Mar. 11th for their review and response.
