II. Approval of Minutes of the August 11, 2022 Meeting: Motion to adopt by Colin and Vinh second the motion.

III. Old Business:

1. Standard Plan change to 311 and 121 was discussed. David will take the comments back to the Standards Plan committee for discussion.
2. Editorial change of Section No. 302-4.10.2 was sent to BNI.
3. Comments were sent to Underground Subcommittee, 318 UM - 206-7 Composite Materials on Aug 30th.

IV. New Business:

1. Vinh Tran of Surface Committee submitted Change 315 SM – revise Dynamic Viscosities, under Table 203-14.2.1
 - Comments: revise the cover to word document and strike through any changes.
 - The update is a minimum value and once updated will be forwarded to General meeting for 30-day hold.

2. Dan Peterson of General Provisions submitted Change 317 GP – Section 9-3.5 Payment adjustment for Price Fluctuations.
 - Some comments:
 - a. The submittal is using a template from Caltrans and does not follow the GB's sections. It should follow section 7-3.8 of the GB.
 - b. Caltrans currently only has price index for Oil. This proposal is for permanent materials and construction materials.
 - c. References only FRED index, need to evaluate further if this is a viable index for all the proposed materials.
3. Vinh Tran of Surface committee submitted Change 322 SM – Section 210-1.2.5 add language to use blended cements.
 - Nathan spoke about the proposed changes. The changes are adding options to the concrete mix. These options have been adopted by Caltrans.
 - Nathan will send an email with test results.
 - This change has been approved by this subcommittee and was sent to Greenbook main committee for a 30-day hold.
