

# GREENBOOK COMMITTEE

## GREEN MATERIALS TASK FORCE

### MINUTES

September 3, 2009

Chairman Don Vivant called the meeting to order. The meeting was held in a conference room at:

Residential Room  
The Gas Company's Energy Resource Center (ERC)  
9240 Firestone Blvd  
Downey, CA 90241

1. Self-introductions were made by the participants:

Greg Clayton	CEI (AGC)
Joe Parker	NCPI (Co-Chair)
Marc Richetts	Alhambra Foundry
Kirk McDonald	Cal Portland
Mike Serra	CEMEX
Mike Costello	County of Orange
Steve Crandal	Prime Coatings Inc
Ray Stanford	So. Cal. Gas (APWA Liaison)
Don Vivant	Sully Miller - Chair

2. Old Business –

- A. – The Chairman reported comments back from the Greenbook Main Committee regarding our draft modifications to the Construction Materials section 200 so to include Green Materials. The comments were generally favorable and complementary, with minor style modifications. The main committee encouraged our continued efforts with the continued charge to identify existing green materials and methods.
- B. – With the how-to-present green materials receiving favorable acknowledgement by the Main Committee, our discussion focused upon shoring up our definitions, Green Materials, Green Products, and Green Methods, and then placing them in the proper section. Steve Crandal and Joe Parker volunteered to work on securing definitions for the Task Group to consider at the next meeting.
- C. – Ray Stanford reported that the APWA Sustainability Committee did not meet.
- D. – Ray Stanford reported that he has attempted to include Green Methods into a section of the Construction Methods and will forward to the chair for distribution prior to our next meeting.

3. The Task Force agreed to consider and continue these discussion items at the next meeting at this same location on October 6, 2009.

4. Meeting adjourned.

Submitted By:

*Don Vivant*
