3. Old Business –

A. Pervious Concrete -

David Akers distributed copies of the upcoming Workshops on Pervious Concrete taking place in July. The Workshops are co-sponsored by the PCA and NRMCA. Howard distributed copies of the California Pervious Concrete Data Base acquired from the Northern California Cement Promotion Council. Dave suggested a postponement of further discussion of the topic until after the Workshops

B. Change No. 155NS - Fly ash and the R-Factor -

The Change will be returned from the Editorial Standards Subcommittee with a recommendation to accept at the next Main Committee Meeting.

C. Aggregates -

Griff distributed copies of a paper written on manufactured sand and a paper describing the various types of sands available in the US. Bob stated the Task Force is in the process of acquiring information on manufactured aggregates and has not yet met as a group.

D. Class N Pozzolan -

The latest modification of 201-1.1.1 was distributed and discussed. Further changes forthcoming at the next meeting.

E. Fibers -

Jeff added verbiage regarding 201-1.2.7 to his previous recommendation.

F. Color -

Pat submitted further information regarding the addition of color to 201-1.1.1.

4. New Business -

A. Don Vivant pointed out two areas in the Class and Alternate Class Tables with discrepancies. These areas can be repaired as editorial in nature, or investigated further for a modification from the original language.

5. Next Meeting **Thursday, July 13, 2006**, same location and time. Andy Young from Northern California will provide insight into their dealings with pervious concrete.

6. Meeting adjourned at 11:15 AM.
