- * Denotes remote attendance via WebEx or Teleconference

** Committee Chair

Call to Order: 11:00 am

Self Introductions

Old Business: CG – GB surface committee issues approved for 2018 GB book progress

What we are working on in the MH spec will be in the 2018 GB Supplement

DB – surface group has already discussed the Lids, frames and covers, to match grade

GC this also needs to go to SP, DB prepare list for SP

SD- COLA discussed wanting a larger MH, as the ones listed are not big enough.
RP we have larger ones type E 60" and 96" shallow manholes are Type B and F
CG make a list of things we want SP to consider, this may involve additional spec writing
and taking of suggestions.

Random discussion of dry utility boxes- CG advised Allison to contact EU

KF recommends keeping spec generic, want to add more – change it locally.

DB/RH class and PSI discussion – performance not detailed

KF Added permissible variations

KF Acceptance the same

Save and vote on June 19th

Change 3500 to 4000 to be in line with LACSD

Remove notes 5.6.1

Discuss notes MH on June 19, 2018

New Business:

Adjourn: 12:20

- Next meeting: June 19, 2018

Jamie L. Lienberger - Secretary

Lienberger and Associates

386-846-9719
