- \* Denotes remote attendance via WebEx or Teleconference
  - \*\* Committee Chair
- Call to Order 11:05

**I. Announcements:**

**Task Forces need to get their sections completed or there will be no new Greenbook!**

**II. Task Force Leaders and Members NEED to attend the Underground Materials and Methods Subcommittee Meetings!**

**III.**

**IV. Old Business:**

Revision of Section 500

Task Forces are as follows:

**CIPP Thermoset**

**UV CIPP**

External Wrap  
Slip Lining  
Spiral Wound  
Pull in Place

500.7.5 - Spiralwound spec: GN technical aspect changes require a sponsor, change request needs to be submitted from a sponsor to the Greenbook, the subcommittee, as decided upon by the upper committee does NOT have the authority to make technical changes in this spec of this nature.

JJ thought this was agreed upon, two specs inside the spiralwound, because they both use different ASTMs.

CM we finalized separate drafts as stand alones, grouting, etc stand alone, We will now have to go back to the task force on this. And if these specs cannot stand alone then there will be need of a sponsor and this will delay the new greenbook. CM needs to send info to JL it can be sent out to be reviewed, JJ wants to see draft ahead of change – it is a matter of design.

#### IV New Business:

Review of General Section within Section 500 was as follows:

500-1 – GENERAL

500-2 - SUBMITTALS

500-3 – CLEANING AND PRELIM INSPECTION original language, discussion on loose debris

PK.GN good with ALL Debris. This section has been put on a 30 day hold.

500-4 – PIPELINE POINT REPAIR AND /OR REPLACEMENT

500-5 - LINING GENERAL SERVICE LATERAL CONNECTIONS

500-6 - END SEALS

500-7 - ANNULAR SPACE GROUTING

500-8 - SERVICE LATERAL REINSTATEMENT no changes

500-9 - POST INSTALLATION CCTV no changes

500-10 - RESTORATION OF ACCESS/ INSERTION PITS no changes

500-11 - MEASUREMENT no changes

500-12 - PAYMENT no changes

These above documents are in with the meeting minutes online, please review and be knowledgeable.
