Self-Introductions

Old Business: DB, MM had some questions regarding dry cast vs wet cast, please review (plant tour as mentioned in NEW Business will help alleviate related questions to the various types of casting. EA, RP, City of Los Angeles, does not mind the psi going from 3250 to 4000psi. EA subcommittee can complete the change AdHoc committee can change the mix design DB, table should be listed to avoid confusion. KF: AdHoc committee is currently discussing the table KF: will send out the specifics, please review as such, Construction hat and an Inspectors hat, committee should supply feedback to KF

New Business: Doug McLaughlin – American Concrete Pipe Association, Aaron Pettit Thompson Pipe Group have invited the Underground Materials and Methods Subcommittee and those interested to an OPEN HOUSE/ subcommittee meeting to be held at the Los Angeles plant location, located at: 3011 N. Laurel Ave., Rialto, CA 923377. Tentatively the regular October 16th meeting would be held at the plant and a plant tour would follow
