\* denotes remote attendance via WebEx or teleconference.

Meeting minutes of November 19, 2013 were approved as submitted.

II. Announcements:

A. Refer to the General Meeting Minutes of November 21, 2013 posted on the GB website, [www.greenbookspecs.org](http://www.greenbookspecs.org).

III. Old Business:

- A. Change 223NU, Section 306 Reorganization: No discussion this month (alternate months with Part 5 – Editorial Changes).
- B. Change 242NU, Pressure Pipeline for Water – DP is reviewing and revising installation provisions (60+ pages).
- C. Part 5 – Editorial Changes: DP recommended changing the title of 500-1.5 from “PVC Pipe Lining System” to “Spiral-Wound PVC Profile Pipe”. RJ will contact Southwest Pipeline and Trenchless Corp. regarding usage of their “U-liner” product to see if 500-1.7 might be retitled as “(Not Used).” Also, 500-1.8 “CCFRPM Liner Pipe” may need to be retitled in order to include other products with similar installation requirements. At this time it appears 500-1.9 through 500-1.13 will be retained as the products/methods they represent are still viable.

IV. New Business:

A. None.

V. Next meeting: February 18, 2014 at 11:00 a.m.

VI. Adjournment: 12:21 p.m.

Roger Kohlenberger, Secretary

Los Angeles County Department of Public Works

(626) 458-4964
